

Size: **36" x 36" x 16"**

The Timberline Series 

Model: **Larch Fire Table (Wood Burning)**

Includes:

- Fire Table made of American 3/16" laser-cut Corten steel
- 4" non-marring adjustable feet to create ventilation gap

Optional Extras:

- Casters

Weight: 118 lbs.

Safety & Care:

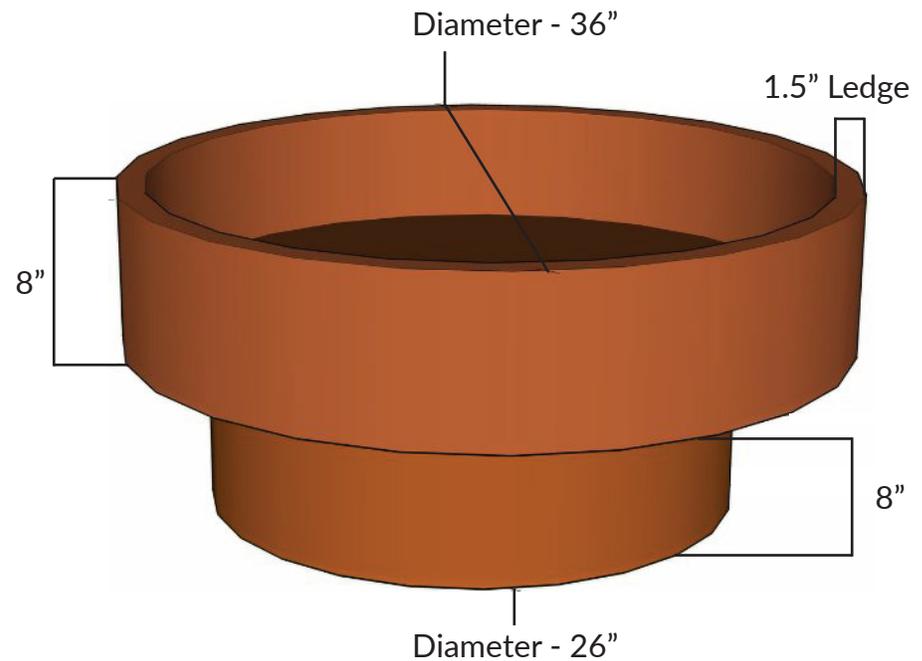

- Do not place on wood or synthetic decking
- Place on stone, dirt, or other non-flammable materials
- To avoid rust run-off, spray the fire pit down with a hose and clean with WD-40 (without the fire burning). The fire pit will appear to be a darker color for some time.

Material: 3/16" Corten

Protective Finish: Corten Steel

Benefits of Corten:

Corten steel develops a protective layer of patina. This layer allows steel to last many years without deterioration. We pre-weather our Corten to enhance the look and aging process.
